

Once the well known **Style-Magazine** has called *Robert Schroeder* as the „King Of Meditation“. After his previous solo CD *brainCHIPS* (SphericMusic SMCD2010/11) the German sound artist **Robert Schroeder** presents his 16th solo album **SphereWare**. This CD is something for experts and lovers from Chill out / Space / Berlin school and Electronics with modern beats and sounds. *Lambert Ringlage*, owner of the publishing label *Spheric Music*, has already heard the new CD of *Robert Schroeder* and regards the music in the following way:

Track 1: *promising Ambient-Opener, dark, weird, atmospheric*

Track 2: *experimental, beautifully soft, the finest effect sounds, nice surfaces, retro sounds, successful Lead guitar, relaxed Chill-Out sound. A strong atmospheric track will inspire the electronic fans!*

Track 3: *interesting rhythmical elements*

Track 4: *trance, hypnotic sequence, Techno reminiscences, analogue sounds*

Track 6: *Rhythm and solo sound excellent, nicely relaxed and dreamy at the same time*

Track 7: *Robert Schroeder-typical sounds*

Track 8: *Sound of the bass guitar sequence impressively well. Dreamy melody sounds and choral sounds (Melotron), light rhythms*

Track 9: *Atmospherically carried EM, nice spacey sounds, interesting rhythms, Melotron choirs.*

All in all: *Fans who like the music of Klaus Schulze, T.D. or J.M.Jarre will enjoy SphereWare very much.*

These are the impressions of *Lambert* to **SphereWare**.

For the production of *SphereWare* *Robert Schroeder* has used new Software-Synthis and Sequencer. The result is a successful mixture of analogue and digital sounds and atmospheres. *Robert* has reduced guitar part with *SphereWare* as much as possible. Merely on the precisely 15 minutes track "A Quarter Of An Hour" e-guitar lines are to be heard, these, however, also with strong effects are made unfamiliar. The **new CD SphereWare of Robert Schroeder** is Chill-Out, cosmic, spacey rhythmical, romantic, full of suspense and relaxing. Have a lot of fun.

Best tracks: **6, 8, 9**

(9 Tracks / 76:30 Min.)
